

SAMS FATIGUE DATABASE

Take the Complexity Out of Managing Under the Fatigue Laws & Minimise Your Legal and Financial Risks

The very complex Fatigue Laws are proving difficult and time-consuming to manage. The safety and legal consequences of breaching any of the over 50 rules are serious. Your business faces \$5,000 to \$50,000 fines (\$10,000 for individuals) per breach. The Fatigue Database helps protect your drivers' safety and your business's money.

SAMS FATIGUE DATABASE Is a Simple But Comprehensive Reasonable Steps Defence Tool.

- PLANNING and CHECKING of Schedules: and
- MONITORING and REPORTING on Compliance - Checking Of Work Diaries.

SAMS Fatigue Database

Handles Solo, 2Up, Standard Hours, BFM & AFM
