

**Speed Compliance
Fatigue Management
Compliance & Enforcement
Mass and/or Maintenance Management
Fatigue Database, Buddy, Calculators & Wheel
and OH&S, Tools and Programs**

Company Order Form

SAMS provides Accreditation Programs for Fatigue Management (Standard, Basic or Advanced), Maintenance and/or Mass Management and Speed Compliance policies. We include Compliance & Enforcement policies and procedures to help you meet your legal obligations under the C&E Laws.

You can choose **separate programs** for Fatigue, Mass or Maintenance or **combined programs** that streamline the common procedures and reduce your costs. We can provide **Core** Program packages which you then tailor to your business or we can provide a **Completed** package based upon the information you provide to us in a questionnaire and discussions.

Prices of the **Core** and **Completed** packages for each accreditation program and combinations of them are listed in the payment section below. The prices for the **Completed** packages are based upon the additional amount of work routinely involved in completing the package. If you require significantly more extensive work there may be an additional charge which we will discuss with you beforehand.

We also provide innovative **Fatigue Tools: Database, Buddy, Calculator and Scheduler**

Return your Order Form **with payment** to 08 8445 8199 (fax) or PO Box 2420, Regency Park, SA, 5942
